Ms. Barbara A. Nann
Assistant Regional Counsel (6RC-S)
U.S. Environmental Protection Agency Region 6
1445 Ross Avenue, Suite 1200
Dallas, Texas 75202-2733

Reference: Eco-Terra Technologies - Gulfco Marine Maintenance, Inc.
Section 104(e) Information Request

Dear Ms. Nann:

As per our telephone conversation, I am providing the following information. More detail can be ascertained from Mr. Billy J. Losack the plant/operations manager for the site.

A) General Information

1. Eco-Terra Technologies, Inc., C/O Warren Fields, Sloan & Moyer, LLP, 1445 N. Loop West, Suite 370, Houston, Texas 77008.
2. Billy J. Losack, P.O. Box 120, Brazoria, Tx. 77422, Plant/Operations Manager, (979) 798-9252, billylosack@yahoo.com; John Garnsey, Marketing, 1307 Kirby Lake Court, Richmond, Texas, 77469, (281) 762-3376, jeg1@houston.rr.com; Felix Moreno, Finance Manager, 811 Creekwood Way, Houston, Tx, 77024, (713) 973-8611, fmorenot@yahoo.com.
3. Respond to Warren Fields of Sloan & Moyer.
4. Eco-Terra Technologies leased two liquid storage tanks inside a cement retaining wall at 906 Marlin Lane in Freeport, Texas from LDL Coastal Limited, for approximately six months to test a process to separate oil from water using naturally occurring microbes.

A tank circulation system was installed which took longer and cost more than anticipated. Initial testing was begun when the company ran out of money and ceased operations.

Mr. Billy J. Losack was operations manager in charge of all plant construction and day to day operations; I was in charge of marketing, and Mr. Felix Moreno was in charge of finance.
